1. Policy statement

- 1.1 We recognise that the internet provides unique opportunities to participate in interactive discussions and share information on particular topics using a wide variety of social media, such as Facebook, Twitter, blogs and wikis. However, employees' use of social media can pose risks to our ability to safeguard children and young people, protect confidential information and reputation, and can jeopardise our compliance with legal obligations. This could also be the case during off duty time.
- 1.2 Employees using social media are also potentially at risk of others misunderstanding the intent behind online communications or blurring of professional boundaries between children and young people and their parents or carers. This policy therefore sets out the Trust's expectations regarding the use of social media.
- 1.3 To minimise these risks, to avoid loss of productivity and to ensure that our IT resources and communications systems are used only for appropriate business purposes, and that the use of personal devices does not have an adversary impact on our business we expect employees to adhere to this policy.
- 1.4 This policy does not form part of any employee's contract of employment and it may be amended at any time.

2. Who is covered by the policy?

- 2.1 This policy covers all employees working at all levels and grades. It also applies to consultants, contractors, casual and agency staff and volunteers (collectively referred to as **staff** in this policy).
- 2.2 Third parties who have access to our electronic communication systems and equipment are also required to comply with this policy.

3. Scope and purpose of the policy

- 3.1 This policy deals with the use of all forms of social media, including Facebook, LinkedIn, Twitter, Wikipedia, all other social networking sites, and all other internet postings, including blogs.
- 3.2 It applies to the use of social media for both business and personal purposes, whether during working hours or otherwise. The policy applies regardless of whether the social media is accessed using our IT facilities and equipment or equipment belonging to members of staff.
- 3.3 Breach of this policy may result in disciplinary action up to and including dismissal. Disciplinary action may be taken regardless of whether the breach is committed during working hours, and regardless of whether our equipment or facilities are used for the purpose of committing the breach. Any member of staff suspected of committing a breach of this policy will be required to co-operate with our investigation, which may involve handing over relevant passwords and login details.
- 3.4 Staff may be required to remove internet postings which are deemed to constitute a breach of this policy. Failure to comply with such a request may in itself result in disciplinary action.

4. Personnel responsible for implementing the policy

- 4.1 The Board has overall responsibility for the effective operation of this policy, but has delegated day-to-day responsibility for its operation to the Principal at academy level, Regional Director of Operations at Regional level and CEO at National Level. Responsibility for monitoring and reviewing the operation of this policy and making recommendations for change to minimise risks also lies with the Principal, Regional Director of Operations and CEO..
- 4.2 All managers have a specific responsibility for operating within the boundaries of this policy, ensuring that all staff understand the standards of behaviour expected of them and taking action when behaviour falls below its requirements.
- 4.3 All staff are responsible for the success of this policy and should ensure that they take the time to read and understand it. Any misuse of social media should be reported to the Principal (academy based staff), Regional Operations Director (Regional staff) and CEO (nationally based staff). Questions regarding the content or application of this policy should be directed to the same people.

5. Compliance with related policies and agreements

- 5.1 Social media should never be used in a way that breaches any of our other policies. If an internet post would breach any of our policies in another forum, it will also breach them in an online forum. For example, employees are prohibited from using social media to:
- (a) breach our ICT user policy;
 - (b) breach any obligations they may have relating to confidentiality;
 - (c) breach our Disciplinary Rules;
 - (d) defame or disparage the Trust or its affiliates, Trustees, students, parents and carers, staff, business partners, suppliers, vendors or other stakeholders;
 - (e) harass or bully other staff in any way or breach our [Anti-harassment and bullying policy];
 - (f) unlawfully discriminate against other staff or third parties or breach our [Equal opportunities policy];
 - (g) breach our Data protection policy (for example, never disclose personal information about a colleague online);
 - (h) breach any other laws or ethical standards (for example, never use social media in a false or misleading way, such as by claiming to be someone other than yourself or by making misleading statements).
- 5.2 Staff should never provide references for other individuals on social or professional networking sites, as such references, positive and negative, can be attributed to the Trust and create legal liability for both the author of the reference and the Trust.
- 5.3 Employees who breach any of the above policies will be subject to disciplinary action up to and including termination of employment.

6. Personal use of social media

- 6.1 We recognise that employees may work long hours and occasionally may desire to use social media for personal activities at work or by means of our computers, networks and other IT resources and communications systems. We authorise such occasional use so long as it does not involve unprofessional or inappropriate content and does not interfere with your employment responsibilities or productivity. While using social media at work, circulating chain letters or other spam is never permitted. Circulating or posting commercial, personal, religious or political solicitations, or promotion of outside organisations unrelated to the Trust's business are also prohibited.

7. Monitoring

- 7.1 The contents of our IT resources and communications systems are our property. Therefore, staff should have no expectation of privacy in any message, files, data, document, facsimile, telephone conversation, social media post conversation or message, or any other kind of information or communications transmitted to, received or printed from, or stored or recorded on our electronic information and communications systems.
- 7.2 We reserve the right to monitor, intercept and review, without further notice, staff activities using our IT resources and communications systems, including but not limited to social media postings and activities, to ensure that our rules are being complied with and for legitimate business purposes and you consent to such monitoring by your acknowledgement of this policy and your use of such resources and systems. This might include, without limitation, the monitoring, interception, accessing, recording, disclosing, inspecting, reviewing, retrieving and printing of transactions, messages, communications, postings, log-ins, recordings and other uses of the systems as well as keystroke capturing and other network monitoring technologies.
- 7.3 We may store copies of such data or communications for a period of time after they are created, and may delete such copies from time to time without notice.
- 7.4 Do not use our IT resources and communications systems for any matter that you wish to be kept private or confidential from the Trust.
- 7.5 For further information, please refer to our ICT user policy.

8. Business use of social media

- 8.1 If your duties require you to speak on behalf of the Trust in a social media environment, you must still seek approval for such communication from your manager who may require you to undergo training before you do so and impose certain requirements and restrictions with regard to your activities.
- 8.2 Likewise, if you are contacted for comments about the Trust for publication anywhere, including in any social media outlet, direct the inquiry to head office and do not respond without written approval.
- 8.3 The use of social media for business purposes is subject to the remainder of this policy.

9. Recruitment

- 9.1 Unless it is in relation to finding candidates (for example, if an individual has put his/her details on social media websites for the purpose of attracting prospective employers), the Trust will not, either themselves or through a third party, conduct searches on applicants on social media. This is because conducting these searches during the selection process might lead to a presumption that an applicant's protected characteristics (for example, sexual orientation or religious beliefs) played a part in a recruitment decision. This is in line with the Trust's Equal opportunities policy.

10. Responsible use of social media

- 10.1 The following sections of the policy provide staff with common-sense guidelines and recommendations for using social media responsibly and safely and in order to protect staff and the Trust.

- 10.2 Employees' use of social media can pose risks to our ability to safeguard children and young people, protect our confidential information and reputation, and can jeopardise our compliance with our legal obligations. This could also be the case during off duty time.

- 10.3 Safeguarding children and young people:

- (a) You should not communicate with pupils over social network sites. You must block unwanted communications from pupils.
- (b) You should never knowingly communicate with pupils in these forums or via personal email account.
- (c) You should not interact with any ex-pupil of the Trust who is under 18 on such sites.
- (d) Communication with pupils should only be conducted through our usual channels. This communication should only ever be related to our business.

- 10.4 Protecting our business reputation:

- (a) Staff must not post disparaging or defamatory statements about:
 - (i) our Trust;
 - (ii) our students or their parents or carers;
 - (iii) our Trustees or staff;
 - (iv) suppliers and vendors; and
 - (v) other affiliates and stakeholders,

but staff should also avoid social media communications that might be misconstrued in a way that could damage our Trust's reputation, even indirectly.

- (b) Staff should make it clear in social media postings that they are speaking on their own behalf. Write in the first person and use a personal e-mail address when communicating via social media.

- (c) Staff are personally responsible for what they communicate in social media. Remember that what you publish might be available to be read by the masses (including the Trust itself, future employers and social acquaintances) for a long time. Keep this in mind before you post content.
- (d) If you disclose your affiliation as an employee of our Trust, you must also state that your views do not represent those of your employer. For example, you could state, "the views in this posting do not represent the views of my employer". You should also ensure that your profile and any content you post are consistent with the professional image you present to students and colleagues.
- (e) Avoid posting comments about sensitive the Trust -related topics, such as our performance. Even if you make it clear that your views on such topics do not represent those of the Trust, your comments could still damage our reputation.
- (f) If you are uncertain or concerned about the appropriateness of any statement or posting, refrain from making the communication until you discuss it with the Principal, Regional Operations Director or relevant National Director.
- (g) If you see content in social media that disparages or reflects poorly on our Trust or our stakeholders, you should print out the content and contact the Principal, Regional Operations Director or relevant National Director. All staff are responsible for protecting our Trust's reputation.

10.5 Respecting intellectual property and confidential information:

- (a) Staff should not do anything to jeopardise our confidential information and intellectual property through the use of social media.
- (b) In addition, staff should avoid misappropriating or infringing the intellectual property of other companies and individuals, which can create liability for the Trust, as well as the individual author.
- (c) Do not use our logos, brand names, slogans or other trademarks, or post any of our confidential or proprietary information without prior written permission.

10.6 Respecting colleagues, students, parents and carers, Trustees and other stakeholders:

- (a) Do not post anything that your colleagues or our students, parents and carers, Trustees and other stakeholders would find offensive, including discriminatory comments, insults or obscenity.
- (b) Do not post anything related to your colleagues or our customers, clients, business partners, suppliers, vendors or other stakeholders without their written permission.

11. Review of policy

- 11.1 This policy is reviewed as required by the Trust in consultation with the recognised trade unions. We will monitor the application and outcomes of this policy to ensure it is working effectively.
